CITY COUNCIL HOLDS MEETING

It is the intention of the Board of Town Trustees to put a man on the water wagon—not as an example, nor for the purpose of inducing him to resist the call of the wine cup, but to ascertain for the benefit of the board what amount of water can be distributed upon the streets by the sprinkler within a specified time.

It has been customary to designate the number of gallons of water which should be used by the sprinkling wagon each day, as 16,000 gallons. In the performance of this work 22 loads of water must be distributed. This amount of water may not be sufficient as several streets are to be added to the list of those already being sprinkled, and the board desires to have reliable data upon which to formulate a contract for the sprinkling of the thoroughfares of the town during the coming summer.

An agreement was received from th United Gas & Electric Company, extending the original contract 60 days, and in case that more favorable terms are made in a new contract they will take effect as if from May 10, when the old contract expired.

Three bids were received for laying 1500 feet, more or less, of water pipe, making joints, connections and installing hydrants. The contract was awarded to W. O. Dodge, his bid being the lowest, at a rate of 14 cents per lineal foot.

As the street committee has to make changes in the specifications for macadamizing streets as proposed in the local improvement bond project, City Attorney Thorpe was directed to prepare new specifications embodying the proposed changes.

The changes will add to the efficiency of the work without increasing the cost.

Street Superintendent Dickey informed the board that there was about 2,250 feet of 4-inch water pipe available for laying, in his hands and it was directed that 1000 feet be laid on Phelps street and 1000 on Redwood avenue and the balance held to await emergencies.

The clerk was instructed to secure quotations for 1500 pounds of lead and a bale of oakum.

Applications were received from J. C. Dickey and Jas. P. Coleman for reappointment to the positions respectively of street superintendent and watchman.

Although it has been customary for appointive officers to make application for reapointment, Chairman Merrill expressed the opinion that it was unnecessary, and that as the positions are held at the pleasure of the board, the old officers hold over unless the positions are declared vacant. The other members of the board coinciding with his views, on motion of Brown the applications were placed on file.

The water committee agreed to meet Wednesday afternoon and visit the Dingee property for the purpose of selecting a site for a reservoir in case the board accepted Mr. Dingee's offer.

The bonds of Clerk Plump and Marshal Christ having been examined by the City Attorney and found satisfactory, were accepted.

Remove Bodies From Old Cemetery Site

Under the direction of the university authorities fifteen coffins have been removed from a plot of ground back of the campus which was formerly used as a cemetery by the original property owners of the vicinity. The caskets and remains were taken to Alta Mesa, a cemetery which is located between Mountain View and Mayfield. The university officials have recently leased a portion of the property covered by the old burying ground for building purposes, and this necessitated the removal of the bodies.

Of the fifteen caskets removed, three were made of iron and were in good condition, one bearing the name of Sibyl Hoag, with the date 1872. The efforts of the Stanford press correspondents to lend an air of romance to this burial plot have no foundation in fact. The early owners of the property there used the ground as a private burial place, and no mystery attaches to the graves.

At the regular monthly meeting of the Board of Trade Tuesday evening, a number of matters relative to the city's welfare were talked over, not the least important of which was the inauguration of a campaign for clean streets. Attention was called to practice of throwing waste paper about town, causing a dangerous and unsightly nuisance It was decided to make an appeal to the public to discontinue the practice.Later on it is hoped that garbage cans will be provided as receptacles for such waste matter. Merchants are also requested to keep their places of business lighted during a portion of the evening for appearance sake. Four new members were added to the roll as follows: Redwood City Realty Company, George Welchring, C. M. Uhlenberg and Robert Brown.

Close Call for Anderson

Herman Anderson and his housekeeper, Mrs. Johnson, had a narrow escape Monday from death in a runaway. As Mr. Anderson drove out of his yard on Main street, his horse took fright and bolted across the street up on Chamberlain's sidewalk. In trying to regain the street the horse slipped and fell on the cement and threw the occupants out of the rig. Mrs. Johnson was severely shaken up but not seriously injured, but Anderson's head and face werecut and bruised and his hip injured. Although able to be around he is well bandaged and walks with a decided limp. The horse was not injured, but the wagon and harness required repairing.

Wedding Bells

The wedding of Miss Mary Graham of Santa Clara and James McCormick of Pescadero, which took place in Saint Claires church at the former place Tuesday was a very quiet but pretty affair, only the relatives and a few immediate friends being present. Rev. A. V. Raggio officiated. After the ceremony a sumptuous wedding-breakfast was enjoyed at the residence of bride's parents, after which the happy couple left for the south, where their honeymoon will be spent. On their return they will reside at Pescadero, where the groom is engaged in business. The bride is very popular in the college town, where she has spent her entire life. For many years she has been prominently identified in church work and has been a valuable member and officer of the Santa Clara Mission club. The groom is very popular at Pescadero, where he has been engaged in business for many years.

Located at Palo Alto

SAN MATEO, May 14.—A sister of Alexander O'Hara, whose relatives the authorities have been trying to locate for the past three days, was found in Palo Alto Thursday. O'Hara was a teamster in the San Pedro valley, and since his death on Sunday search has been made for his family. The relatives have made arrangements for funeral.

Woodside Chips

WOODSIDE, May 14—John M. Lane, who has a country home here was taken to St. Francis hospital Thursday suffering from a tumor in his stomach, and it is not thought that he can survive. Mr. Lane is a member of the San Francisco tobacco firm of Lane & Connelly.

New Addition

The Frank Tanning Company is about to build a forty foot addition to the beam house, put in several more vats and also install a new scouring machine. Connections have been made with the two wells near the deep water road and pumping will soon be commenced. These wells are 8 inches in dfamater and 175 feet deep and are expected to furnish all the water for the tannery.

Won Gold Medal

R. C. Holmquist won a gold medal Thursday last at Palo Alto at the Rifle Club's competition. His score was 23 rings. Besides the medal, Mr. Holmquist made many excellent scores in different matches. The club will hold a grand cash prize shoot on Sunday, May 31, when over sixty expert shooters from Sacramento, San Francisco, Santa Cruz and San Jose will compete for the many valuable prizes offered

Fined for Contempt

Bert Swanton of Pescadero was brought into the Superior Court Wednesday on a bench warrant issued by Judge Buck to answer to a charge of contempt in discussing the damage suit of Rand vs. Hensley with M. J. Perry, one of the jurors who was trying the case. He was fined $25.

Charles Cullen and Charles Locker left Sunday for for Gilroy hot springs, with the intention of staying four weeks for the benefit of their health.

Jim Casey, the north-end politician, was a local visitor yesterday. Mr. Casey is a director of the Savings and Trust Company of San Mateo County and was here to attend a meeting of the board.

PREACHER and EDITOR.

A preacher, says an exchange, came at a newspaper man in this way; "You editors do not tell the truth. If you did you couldn ot live; and your newspaper would be a failure." The editor replied: "You are right, and the minister who will, at all times and under all circumstances tell the whole truth about his members, alive or dead, will not occupy his pulpit more than one Sunday and then he will find it necessary to leave town in a hurry The press and the pulpit go hand in hand with the white wash brushes and pleasant words, maginfying little virtues into big ones The pulpit, the pen and the gravestone are the great saint-making 'trimuvirate.' " And the great minister went away looking very thought ful while the editor turned to his work, and told of the unsurpassing beauty of the bride while in fact she was as homely as a mud fence.

LABORER COMMITS SELF-MURDER

Pocket Knife the Instrument of Destruction

Thursday morning John Prendergast a driver of the county sprinkling cart, discovered the body of an unknown man lying near the main entrance of the Eyre residence at Fair Oaks. Deputy Coroner Cronk was at once notified and he had the body removed to James Crowe's undertaking establishment here. A jury was summoned and viewed the remains. Mr. Cronk found the body lying face downward in a pool of blood with his throat cut and several horrible gashes in his left side in the region of the heart. There were also some cuts in the abdomen. Owing to the horrible condition of the mutilated body it was thought a foul murder had been committed but when the autopsy physicians, Doctors Ross and Barret, reported that the deceased had committed suicide while insane, All idea of murder was at once dispelled. The opinion was also concurred in by Coroner H. G. Plymire.

An open pocket knife which was found near the body was the instrument that did the deadly work.

The man has not yet been identified but appears to be an Italian, about 50 years of age, 5 feet 8 inches in height and weighing about 180 pounds. He was dressed in overalls and was evidently a laborer.. The inquest will be held on Wednesday next.

The remains were buried in the cemetery at the poor farm Thursday.

SAN MATEO, CAL., May 14.—Suspected of being the murderers of the Italian workingman whose body was found hacked and mangled on the Perry Eyre estate, near Fair Oaks, Tuesday morning, two men were taken into custody this evening about 6, o'clock when crossing from the train to the electric car line at the San Mateo station, by Constable Sheehan. As the pair were marked up and bruised as from a recent struggle, and as they told incoherent storiesexplaining their movements, they were turned over to the sheriff and put in Redwood jail

Knife wounds in the chest, abdomen and across the neck of their supposed victim attested to a severe struggle before he succumbed and the evidence on the persons of the two men detained of recent battle was thought sufficient to warrant their detention No motive is known, unless it be robbery, the slain man having apparently been a laborer, probably on the railroad cutoff and presumably carrying his wages in his pocket

The two men when arrested told a story of having been on their return from Woodside to San Bruno, and having made the reverse trip in a bug gy the day before.

Only widows of Civil War soldiers who married previous to June 27,1890, are entitled to a pension with increase as provided by the new law which went into effect on the 19th of last month This affects persons whose pension is under $12 Charles Bent, United States pension agent at Chicago, in an interview in the Tribune, says:

"Under the new law the pension of all widows, minors and helpless children now on the rolls at a less rate is increased to $12 a month, and they will hep aid at the increased rate at the next quarterly payment on July fourth.

"It will not be necessary for them to make a new application for the increase.. The vouchers now in their possession should be held and executed as usual July 4th next, and the increase will be added by the pension agency. Therefore the quarterly vouchers sent will be for $36.

"Those not already on the rolls who are pensionable under the new law should make their application direct to the commissioner of Pensions at Washington, D. C."

LOREN WILL NOT DOWN

Aged Pescadero Capitalist Still in Fighting Mood

The old spirit of Loren Coburn will not down, his fighting qualities are still vigorous and notwithstanding that he has been declared incompetent by the Superior Court of this county he is still in a fighting mood. Yesterday through his attorneys Treat and Kincaid, he began a suit against the Glenwood Lumber Company, Carl Coburn, Richard Roe and John Doe to have them restrained from using his ware house at Pigeon Point, Pescadero and the machinery for loading and unloading vessels by means of a chute or tramway adjoining the ware house which overlooks the Pacific Ocean. Th complaint alleges: "That on or about the 8th day of May 1908, defendants, its agents and employees, and with the consent . and assistance of the defendant, Carl Coburn, and without the consent of the plaintiff, and against his will and wish, did forcibly take possession of said machinery of said warehouse, and without consent of plaintiff and in violation of the legal rights of the plaintiff, and by force of arms, entered into and upon said real property and took posession of said property and machinery to load lumber upon a vessel which they caused to be anchored in the Pacific Ocean adjacent to the real property aforesaid to the exclusion of the plaintiff from the enjoyment and use of said property and machinery".

Coburn prays that the court give a restraining order permanently enjoining defendants from the use of his property and that be be permitted to enjoy the peaceable posssession of same. He [illegible]sks for damages in the sum of $25,000 and costs of suit. It will be remembered that Carl Coburn was appointed guardian of plaintiff and the latter at once began an appeal to the Appeilte Court The bill of exceptions will be soon ready for the appeal.

Judge Buck on Thursday granted Phillippine R. Boyle a final decree of divorse from her husband Thomas Boyle. She received an inerlocutory decree on January 31st, 1907. The parties formerly resided at San Mateo.

Merit Recognized

Thursday, the Fifth Congressional district, in convention assembled at Sacramento, elected George C. Ross of this city and Johnnie Daley of San Francisco delegates to the national convention to convene at Chicago on June 16th. All the delegates from this State will start for the convention in a special car about June 10th.

The election of Mr. Ross is a decided recognition of his loyalty to the Republican party and shows his prominence in that organization and the manner in which he is esteemed by its members. Mr. Ross has always been loyal and faithful to his party and has always did yoeman service for it in this county. He well deserves the honor that has fallen to him, unsought.

Mr. Ross is a great admirer of William H. Taft and will cast his vote for that famous statesman at the convention.

Mr. Ross will be accompanied by his wife and will make a tour of the United States before returning home. He will spend some time at his boyhood home in Macomb, Ill.

The San Mateo delegation at the convention, headed by John MacBain and John H. Coleman, put up a strong battle for Mr. Ross. The position of national delegate was much sought after by prominent men of San Francisco.

THE WORST CLIMATES.

Three Places Where Weather Conditions Are Unbearable.

"Speaking of rank climates," said a globe trotter, "I have experienced the three worst.

"Of these three unspeakable climates I give the palm to the strait of Magellan. There is rain on an average 250 days in the year. The wind blows a hurricane from January to December. The thermometer never rises much above the freezing point—a year round of raw, bitter days of rain and snow.

"Next comes Sierra Leone, on the African west coast. That low lying marshy region has an average temperature of 81 degrees, and the annual rainfall is 189 inches—enormous! There are, too, the 'smokes.' These are mists, smelling like oyster mud, that rise continually from the marshes, giving marsh fever to nine out of ten of the white men that breathe them—a year round of hot and sticky days, with vile smelling clouds of mist and whirring clouds of mosquitoes.

"Last come the high tablelands of central Asia, where the lack of moisture in the air makes the days Saharan and the nights arctic—days like a redhot furnace, nights like a January blizzard. Before this range of temperature no human constitution can stand up."—Cincinnati Enquirer.

How German Beats English.

"We speakers of English," said a lecturer, "are handicapped by our language. We can never hope for such sonorous titles as the German's have.

"A young German matron once said: "'Ach, how glad I am that my dear Fritz has been appointed hauptkassenverwaltungsassistent'—assistant cashier. 'Now,' she went on, 'in my title of hauptkassenverwaltungsassistentin I boast of five letters more than that proud oberkofsteueramtsinspectorin'—excise inspector's wife—'can claim.'"

Near Glory.

"Most any of us," remarked Uncle Gilderoy Skite, "kin reach fur enough to touch the hem of the mantle of fame. Abraham Lincoln used to split rails fur a man that a cousin of mine only twict removed on the mother's side afterward stole a dog offen."—Louisville Courier-Journal.

The London Ladies' Field has discovered that "successful people are usually quite devoid of humor."
